REINFORCEMENTS GREATLY NEEDED

Gen. Miles Again Expresses Such an Opinion

ALSO SAYS PHILIPPINE SITUATION IS SERIOUS.

Otherwise He Declines to Discuss the Question—Gen. Miller, Who Recently Returned, Believes At Least Sixty-Five Thousand Men Are Needed in the Islands—Influence of the "Copperheads" in the United States Now the Sole Hope of the Filipino Insurgents—Expect the Defeat of the McKinley Administration.

Washington, June 26—[Special]—The influence of the "copperheads" in the United States is now the sole hope of the Filipino insurgents. They expect the McKinley administration to be defeated, and think the new administration will at once recognize their independence. General Otis sends the following:

"Secretary of War, Washington: During the rainy season, little inland campaigning is possible in Luzon.

We occupy a large portion of the Tagalog, and country lines are stretching from Imus south to San Furnando and north nearly sixty miles and to the eastward into Laguna Province.

The insurgent armies suffered great losses, and are scattered.

The only large force held together was about four thousand in Tarlas Province and northern Papanga.

A scattered force in bands of fifty to one hundred are in other portions of Luzon.

The mass of the people are terrorized by the insurgent soldiers and desire peace and American protection.

They no longer flee on the approach of our troops unless forced to do so by the insurgents.

There have been no recent burning of towns and the population within our line is dense. They are cultivating land extensively and are kept out of Manila as much as possible, as the city's population is becoming too great to be cared for. The natives of Luzon are combining to drive out the insurgents.

The only hope of the insurgent leaders is United States aid.

They proclaim the near overthrow of the present administration, to be followed by their independence and their recognition by the United States. This is the influence which enables them to hold out.

The courts here are in successful operation under the direction of able Filipinos.

The affairs in the other islands are comparatively quiet, all awaiting the outcome in Luzon.

All experience anxiety for trade and repeated calls for the American troops are received. Our troops have worked to the limit of endurance. The volunteer organizations have been called in, and replaced by regulars, who are now in the salient positions. Nebraska, Pennsylvania and Utah troops are now taking to the transports.

"The Sixth infantry has been sent to Negros to relieve the Californians. These troops are in good condition.

"The sickness among the troops has increased lately, due, doubtless, to the arduous service, and climatic conditions, but is nothing alarming."

"OTIS."

Reinforcements Are Needed.

Washington, June 26—[Special]—Gen. Miles again expresses the opinion that large reinforcements are needed in the Philippines.

He declines to discuss the situation other than to say that it is serious.

Gen. Miller who recently returned from the Philippines, believes that at least sixty-five thousand men are needed in the islands.

Otis Reports Casualties

Washington, June 26—[Special]—Gen. Otis has cabled a list of the dead since last week. The report received this morning shows that eleven succumed to wounds received in action, one drowned and six died of disease.

Washington, June 26.—It is stated that Maj.-Gen. Miles is a strenuous advocate of the dispatch of large reenforcements to Gen. Otis at Manila. Gen. Miles declines to discuss the military situation in the Philippines other than to say that it is "serious." Nor would he give any idea of the number of troops he thinks should now be sent to the Philippines to place the archipelago under American control.

An official of the war department said that Gen. Miles, as far back as April, recommended that ten of the volunteer regiments which the president is authorized to raise under the army reorganization law be organized and sent to Manila. At that time officers at army headquarters believed that this force when it reached Manila would be sufficient to enable the rebellion to be crushed.

In view of the strength developed by the insurgents they are not now so sanguine that ten regiments are enough. There will be 15,700 men in the ten regiments, the advisability of raising which the war department is considering, but well-informed officers say that the force of 50,000 men which Gen. Otis will have when the re-enforcements under consideration are placed at his disposal will not be sufficient to crush the insurrection.

It must be remembered that besides the island of Luzon, there are hundreds of other islands in the archipelago, in which this government will have to restore peace and order, and in the more important ones there are already organized bodies prepared to resist the occupation of American troops.

There is no truth in the story that Gen. Miles has applied to be sent to Manila, and Gen. Miles would not wish to take any action to disgrace Gen. Otis when that officer is doing all he can to quell the rebellion with the limited means at his command.

In fact, notwithstanding the report to the contrary, the president is satisfied with Gen. Otis' course and has no intention of relieving or recalling him. It is equally untrue, it is asserted, that he has cabled that he will be compelled to retreat unless promptly re-enforced.

WILL BE NO CALL FOR VOLUNTEERS.

So Says Adjt.-Gen. Corbin—Preparations for Such a Step.

Washington, June 26.—Adjt.-Gen. Corbin is one of the high officers of the war department who firmly adhere to the opinion that there will be no call for volunteers. He says the war department will be prepared to issue a call whenever the president deems it necessary to re-enforce Gen. Otis. Plans have been prepared and everything is in readiness.

The officials of the war department, fresh from the experience with volunteer officers during the Spanish war, are strong advocates of any system that will place the provisional force under experienced officers. They advocate first the assignment of regular army officers to the new regiments, and the commissioning of volunteers who served with special merit to fill the vacancies. The plan most favored is the recruiting of three brigades of three regiments each, composed of honorably discharged volunteers so far as possible. If the provisional army authorized by congress is recruited it can be safely predicted that there will be no commissions issued to inexperienced men for political or any other reasons.

SEND OUT THE WRONG SEED

Farmers Should Take Care In Buying Dwarf Essex Rape.

W. L. Carlisle, professor of animal husbandry at the state university, sends out the following notice to farmers:

From numerous letters received at this station it is evident that many farmers have been victimized by seed dealers, who have unwittingly furnished bird seed rape instead of Dwarf Essex rape for forage purposes.

Farmers raising rape for forage, sow the Dwarf Essex variety. This plant bears a thin, short stalk with large succulent leaves, which resemble in appearance and taste the leaves of the rutabaga turnip. The plant grows about three feet high on good soil, with leaves spreading about the same distance.

Bird seed rape is a smaller plant with a slim, tough stalk, bearing a few small leaves which are hairy on top, and yellow blossoms appear a few weeks after seeding. The bird seed variety resembles the wild mustard plant when in blossom. The true forage rape does not blossom or bear seed the same year it is sown.

If the farmer finds his rape field bearing plants resembling wild mustard, with yellow blossoms, he may be sure he has planted the wrong kind of seed and should plow the field at once, sowing the Dwarf Essex variety any time before the middle of July.

Fortunately, the bird seed rape which resembles wild mustard, will not spread or prove troublesome, as is the case with yellow mustard, so that there will be no harm except a loss of the crop.

Total Loss Is $250,000.

Boston, Mass., June 26.—Fire which broke out at 10 o'clock Sunday night gutted the four upper floors of the six-story building at the corner of Pearl and Purchase streets, and also damaged to some extent three smaller blocks adjoining on Purchase street. The heaviest losers, so far as can be judged now, will be the Boston Bindery company and the American Wool and Cotton Reporter. The loss to the building alone will probably reach $100,000, and the occupants probably lose $150,000, including the value of the books in process of binding.

Germans to Claim Indemnity.

Berlin, June 26.—The Neuste Nachrichten contends that the recognition by the international commissioners of the decision of Chief Justice Chambers regarding the kingship in Samoa does not in the least prejudice the claims of Germans to compensation for losses sustained during the recent disturbances.

Mirror-Makers in a Trust.

Pittsburg, Pa., June 26.—A number of mirror manufacturers, who control the business of the United States in that line, met here Saturday and formed a combine for the regulation of prices and production. The meeting was secret, but it is known that a uniform price list was adopted.

TWO WOMEN KILLED NEAR MEDFORD, WIS.

WAGON IN WHICH PARTY WAS RIDING WAS TELESCOPED.

Three Men Captured Who Had Broken Into Freight Cars At Columbus and Disposed of Stolen Property—Aged New London Man Killed At La Crosse.

Medford, Wis., June 26—Mrs. Neal Morrison and Miss Allie Willans were killed at Perkinstown last evening. They were riding with a party of women and children and coming down a steep hill, the tongue broke and stuck in the ground, telescoping the wagon. Mrs. Morrison and Miss Willans died soon after from their injuries. Miss Willans' home was at New Lisbon, where her body was taken tonight for burial. Her father, the Rev. John Willans, is an evangelist minister and had been conducting services at Perkinstown.

State May Not Aid Victims.

Madison, Wis., June 26.—Though the governor has not yet officially indorsed it, the scheme to raise $350,000 by assessment of the different counties of the state to rebuild the business portion of New Richmond is likely to receive sufficient public support to carry it to success. The scheme does not wholly meet the approval of the state press, which suggests that if it is right to help the New Richmond victims by state aid it is also right to help all others who have suffered from recent severe storms. While public contributions are heartily encouraged and urged, some of the leading papers demur against any formal assessment of the entire state.

Three Thieves Captured.

Columbus, Wis., June 26—Marshal Blanchard last night arrested parties giving the names of George Gessler, Albert Woods and Leonard Hoffman, supposed to be from Chicago. Neckties and jewelry were found in their possession. They have confessed to breaking open a freight car on Friday night and trading the stuff to farmers near Doylestown. The marshal with the help of Woods today recovered everything stolen.

Killed at La Crosse.

La Crosse, Wis., June 26—Saturday afternoon Allan Rossiter, an employe of the Green Bay railroad, was thrown from the top of one car to a lower one next in the train by a stagging telephone wire. A gash was cut in his head. He was taken to the hospital, where he died during the evening from concussion of the brain. Mr. Rossiter's home was New London, his age was 70, and he leaves a family of four sons and two daughters.

Wisconsin Pensions Granted.

Washington, D. C., June 26—Original—Edward F. Moody, National home, Milwaukee, $6; Nathaniel Bliven, North Freedom, $6; Charles Capelle, Milwaukee, $6; David Smith, Ceylon, $6. Additional—Dixon S. Work, Berlin, $6 to $8. Increase—John R. Stearns, Oshkosh, $6 to $8. Original widows, etc. Minors of Nathaniel N. Parker, Waukesha, 14.

Postmaster at Melvina.

Watertown, Wis., June 26—Oscar Petersod was appointed postmaster at Melvina, Monroe county, in place of F. Carter, resigned.

Says Goddard Is Insane

Chippewa Falls, Wis., June 26—Judge W. R. Hoyt has received a telegram from his son Romeo, of Juneau, Alaska, who is now in Seattle, saying that Arthur Goddard, who killed his partner at Dawson City, May 31, is insane and is being held for trial Sept. 19. Congressman Jenkins, of this district, is in Washington consulting with Secretary John Hay in regard to having the young man dealt with leniently.

TWELVE YEARS IN JAIL

Addie Barrow, Last of the Trio of Baby Clark Kidnappers, Sentenced—Pleaded Guilty.

New York, June 26—[Special]—Addie Barrow, the last of the trio of the Baby Clark kidnappers, arraigned this morning pleaded guilty. She threw herself on the mercy of the court. The judge was merciless, however, and sentenced her to twelve years in Auburn prison.

Col. Moale Ordered to China.

Washington, June 26.—Col. Edward Moale of the Fifteenth infantry has been assigned to command the department of Puerto Principe, Cuba, relieving Col. Louis H. Carpenter of the Fifth cavalry, who has been ordered to join his regiment.

Russian Road Into Persia.

Berlin, June 26.—According to a dispatch to the Frankfurter Zeitung from Batoum the Russians are constructing a railway from Alexandrapol, government of Erivan, east to the Persian frontier and intended ultimately to reach Urmia, Persia.

Makes Trouble for China.

Pekin, June 26.—M. Filche, interpreter of the French legation here, has been struck by a Chinese and is suffering from bruises. The French minister demands a public apology from the tsung li yamen (Chinese foreign office).

COLLEGE CREWS ARE RACING ON HUDSON

HUNDREDS WERE WAITING FOR TIME TO ARRIVE.

Varsity Fours of Cornell and Pennsylvania Engage in First Contest—Former Were Favorites Up to This Morning—Columbia Now Equal and Gets Best of Positions.

Poughkepsie, N. Y., June 26—[Special]—The forenoon hours of today when the great college races were to take place on the Hudson found hundreds of the admirers of the sport waiting for the hour of the first race to arrive.

The varsity fours of Cornell and Pennsylvania engage in the first contest.

The chief event, however, will be the eight-oared race of the freshmen of Columbia, Cornell and Pennsylvania.

Cornell were the favorites up to this morning, but Columbia has come up as equal favorites. Pennsylvania is not considered much of a factor.

The drawing for the varsity eight-oared race of tomorrow was made this morning, Cornell getting the best of positions.

FAST CRAFT IS AFLOAT

Lipton's Cup Challenger, Shamrock Launched at London This Afternoon—Many Present.

London, June 26—[Special]—Lipton's cup challenger, the Shamrock, was launched this afternoon. The launching was witnessed by a large gathering.

As the Shamrock reached midstream, a barge collided with her striking the yacht's bow above the water line and making a big dent. The full extent of the injury is not yet known.

BIG STRIKE IS ENDED

Last Vestiges of the Cleveland Troubles Have Disappeared—Cars All Running.

Cleveland, O., June 26—[Special]—Today the street cars are running on all lines and the last vestiges of the strike have disappeared.

SERIOUS ACCIDENT AT RICHMOND

Party Thrown From Carriage—Little Girl's Neck Broken

Richmond, June 26—Friends of Johnny Cook, of Whitewater, will be pained to learn of a very serious accident that has occurred to Mr. Cook's family. While his wife, daughter and son, Ba'Be as he is called, were out for a drive last week, the horse became frightened at some unknown object and ran away. The efforts of the occupants could not control the frightened animal and the three were thrown violently to the pavement. The daughter's neck was broken by the fall, and death resulted almost instantly. Ba'Ba was injured internally and his recovery is doubtful. Mrs. Cook was hurt very badly but will recover. Further particulars will be stated in Saturday's paper. The M. E. church Sunday school and five district schools had their annual picnic at Turtle Lake last Friday, and the crowd of people there was enormous. It is reported that two hundred and seventy partook of dinner, not mentioning those who ate in the woods and on the lawn. At this estimate something over three hundred people celebrated the event. Boat riding and fishing were the chief sports of the day. Quite a number from here will attend the celebration at Whitewater the fourth of July, and the Richmond Blues will play the Hebron ball team for a purse of $30. It will be one of the most important features of the day. Quite a number from here attended the entertainment and ice cream social at Utter's Corners, Friday evening. The man in this vicinity who has not had his hen house raided, and lost from half to two-thirds of his chickens is considered very lucky. Chicken thieves are raiding the country and taking all the hens from the farmers. The thieves show no partiality but use everybody alike. It looks as though Leyman was becoming quite a popular place, as now a telephone system is being established, also the old church has opened again. Thomas Johnson is drawing oats to Whitewater. Patrick Mahan of Whitewater attended the school picnic at Turtle Lake, Friday. Dr. Flarity of Darien, was seen on our streets Saturday. The dance at Mr. Herbet's was well attended last Friday night. Richmond creamery paid sixty-five cents for May milk. Mr. and Mrs. Fred Denhart will celebrate their fifteenth anniversary of their marriage on the evening of July 4th. A few from here attended the dance at Slickermeyer's, Saturday night. A good time is reported. Rob. Klinans had a force of men hoeing corn last week. It is now a certainty that the hay crop will scarcely be half a crop, and many farmers will have to depend chiefly on corn fodder.

Spiritualists Society Meets.

Mishawaka, Ind., June 26.—The Indiana-Michigan Spiritualist society opened its annual session at Lake Cora Sunday. Mrs. Worthington of Texas presided at the session.

BEAUTIFUL etching or photogravuer with two packages of Cream of Wheat breakfast food, 15 cents a package. Sanborn.

WILL VISIT CALIFORNIA

Special Rates From Here Are Tempting Many to Make Trip

A good sized delegation from this city expect to leave soon for California.

A special tourists' car will leave for Los Angeles on Thursday, June 29, on account of the meeting of the National Educational association, and will go by the Great Northern, thence over the famous Shasta route and return by the Northern Pacific.

Supt. William Ross, of No. 12 Logan avenue, is looking after the excursion and will give all the needed information on the lowest priced excursion ever run west.

Mr. and Mrs. David Jeffris will make the trip.

COMMON COUNCIL MEETING

Will Be Held This Evening at the Usual Hour.

This evening the common council will meet in regular session. Several matters are on the docket, but nothing outside the usual grind.

The board of education will make their regular monthly report.

W. T. Sherer will petition the council to remove the voting booth in the second precinct of the First ward, he having purchased the property, and intends soon to erect a handsome dwelling.

Among the local saloon keepers who have applied for license are: Adam Holt, Elmer Main, Herman Buggs, and I. F. Connors.

MARRIED AT LINE CITY

Miss Margaret Mills and William Fitzgeral United Yesterday—Hollister Director of Athletes.

Beloit, Wis., June 26—[Special]—Yesterday afternoon at St. Thomas' church, occurred the marriage of Miss Margaret Mills and William Fitzgerald. Only the relatives of both families were present. Miss Mills is well known in this city, and was for some time an employe of John Foster & Co's shoe factory. Mr. Fitzgerald is one of Beloit's best musicians, and is highly esteemed by the community in general. Peter Mills and wife of London, England, were the attendants. A host of friends wish the young couple much joy ann happiness. Mr. and Mrs. Fitzgerald will accompany Mr. and Mrs. Mills, who leave today for London, as far as New York, where they will spend their honeymoon.

John Hollister, who has been coach for Beloit college the past season, has been elected director of athletes for the college.

FORECAST OF WEATHER

Chicago, June 26—[Special]—Forecast for Wisconsin:

Generally fair tonight; Tuesday continued warm.

Determined to Fight Socialists.

Berlin, June 26.—The strike bill and its defeat are still the subject of warm controversy in the German press. A semi-official paragraph in the governmental papers gives assurance that the kaiser does not mean to let the matter drop. This paragraph declares that in the interest of the state a law to prevent socialistic terrorism in connection with labor contracts is an absolute necessity. Between now and the second reading of this bill in November, continues this ministerial admonition, the deputies in the reichstag have time to find other ways and means. This is an implicit threat to dissolve the reichstag.

Well-Known Writers Gather.

Anderson, Ind., June 26.—The fourteenth annual convention and outing of the Western Association of Writers began this morning at Winona lake, Kosciusko county, Indiana. It will continue through the week. Although the meetings are generally held in Indiana, the membership includes most of the best known writers in the Mississippi valley. The chief interest of the week will center around the Thursday evening session, when Riley, Major and Thompson, the best known Indiana writers, will be on the program.

No Requisition for Duhmes.

Detroit, Mich., June 26.—Gov. Pingree, after a long conference with Atty.-Gen. Orren, announced that he would deny the application for requisitions on the governor of New York for Mr. and Mrs. Charles Duhme of Cincinnati, who were alleged to have forcibly abducted their nephew, Moses Fowler Chase of Lafayette, Ind., who has an estate of about $600,000. The governor said that the testimony given did not prove that any crime had been committed; that it seemed to prove that the young man went with his aunt of his own will.

Atlin Miners Are Starving.

Vancouver, B. C., June 26.—Robert Evans, who has just arrived from the Atlin mining district, says that matters there are in a terrible condition, owing to British officialdom. He accuses the Canadian officials of corruption and running things for their own aggrandizement. "The whole country," says Evans, "has been set back by a policy of incapacity, and hundreds of poor miners, whose claims have been buried in red tape, are in an absolutely starving condition."

RIOTOUS SCENES AT DEMOCRATIC MEET

DELEGATES THREATEN TO BREAK UP CONVENTION.

Pandemonium Broke Loose This Morning When the Roll Call Was Ordered For Twelfth Ballot—Detachment of Police Marched Into Hall to Protect Chairman.

Louisville, June 26—[Special]—Riotous scenes again marked the democratic state convention this morning when the chairman ordered the roll call for the twelfth ballot; pandemonium broke loose, many of the delegates declaring that they would break up the convention if the chairman did not act fairly.

A detachment of police then marched into the hall to protect the chairman.

VOTE OF CONFIDENCE

Passed the French Senate This Afternoon in Honor of New Ministry.

Paris, June 26—[Special]—A vote of confidence in the new ministry passed the senate this afternoon at the opening of the chamber, and when the new ministry appeared for the first time, the radical socialists shouted, "Vive La Commune" and a tremendous uproar ensued.

The socialists cries were intended for Gen. Gallifet, the new minister of war, who years ago ordered troops to fire on communists.

BOARD OF REVIEW MEETING

Was Held This Morning In the Common Council Room.

In the common council chamber this morning the board of review met in annual session for the purpose of reviewing and examining the assessment roll of real and personal property and sworn statements and valuations of real and personal property therein and of bank stock, and of correcting all errors in said roll, either in the description of property or otherwise.

The board had very little to do this morning as but few people put in an appearance to register complaints, which shows that the city assessors well understand their work.

The board of review consisted of Mayor Richardson, City Clerk Badger and City Assessors Watt and Hemming.

INDIAN FORD SUNDAY SCHOOL

Officers Were Elected and Organization Was Perfected Yesterday.

The Sunday school at Indian Ford was reorganized yesterday, and the following officers elected.

Superintendent—Mrs. Levi Hubbell.
Assistant Superintendent—Miss Emma Sebell.
Secretary—Miss Green.
Treasurer—Miss Cassie Scofield.
Organist—Miss Sebell.

The school enters upon a new year with bright anticipation; a good working force and large classes of both young and old. Rev. D. F. Griggs and J. T. Wright assisted in the organization.

LEAGUE TO GIVE KODAK PARTY

Takes Place at Home of Mrs. William Noyes on Friday

Members of the Janesville Art League will give a kodak party at the home of Mrs. William Noyes, near the State School for the Blind, Friday afternoon of this week.

Those who intend going should consult Mrs. C. A. Sanborn, who has provided transportation accommodations.

A picnic supper will be served at 6 o'clock and a most enjoyable time awaits all who attend.

GRANT IS COURT REPORTER

Will Remain as Such During Judge Dunwiddie's Time.

Francis D. Grant, who has been court reporter in this circuit for years, retains his position and will do all the reporting for Judge Dunwiddie's circuit. Heretofore there were two reporters, Mr. Grant being employed part of the time in the Dane county circuit.

Lake Koshkonong.

Lake Koshkonong, Wis., June 26—A large addition to the Vincent hotel has been finished, and there are quarters now for 100 guests. The hotel is situated on the south shore of the lake and near the best fishing grounds. Jacob Stogel, Jr., of Racine, has been at Lake Koshkonong this week. O. F. Roessler and family, George J. Kispert and family, Dr. G. L. Smith and wife, C. A. Buss, Frederick Bullwinkel, May Agnes Fleming and Miss Tillie Grim, all of Jefferson, were recent visitors at Cedar Lodge. The furnishings for the Hyde Park and Chicago club house have arrived, and the place will soon be finished and furnished. The Fun Hunters have broken camp and returned home, after a two weeks' camp. C. H. Swan of Milwaukee, is here for a week's outing. Thomas Williams of Milwaukee, visited Mr. and Mrs. Wentworth last week.

Peasants Are Facing Famine.

St. Petersburg, June 26.—The transcaspian region of Asiatic Russia, which is under the administration of the governor-general of the Caucasus, Prince Bariatinski, is threatened with a famine, owing to the prolonged drought and to a plague of locusts.

THEMES EXPOUNDED BY LOCAL DIVINES

EFFORTS REWARDED BY LARGE CONGREGATIONS.

Rev. A. G. Wilson Preached Closing Sermon Before Vacation, Taking For Subject, "How the Future Church Is Coming"—Rev. W. A. Hall's Theme Was "Take."

Rev. A. G. Wilson preached the closing sermon before his vacation yesterday morning at All Souls church, taking for his subject, "How the Future Church Is Coming." The following sentences were taken from the sermon:

The future religion is coming in the course of a natural evolution, out of past and present ideals. It takes the whole world to do anything well. The best architecture is the combination of many ideals foreign to each other. No one race can build up a strong and flexible language. The English is the best for it is a composite of all the others. And this is the way the world must find a consistent and rational faith. It must come from all points of the compass. It will grow as architecture and language and governments grow, by combinations and modifications of that which is truest and best.

No religion is all true. None are all false. All religions represeent both truth and error. Therefore all may contribute some truth.

Everybody is religious, and if he thinks, will have a religion in form. Man is organized that way. But there is misunderstanding and misrepresentation both ignorant and vicious. The religious have been combatting each other at long range, and in the din of battle actual friends have been mistaken for supposed enemies. Men need no other illumination than that which would come when advocates of various faiths shall talk to each other instead of about each other, and devote a little more time in defining the principles they are contending for. The best reconciler of conflicting religions is Webster's unabridged dictionary. Definitions between equally intelligent men will generally end their disputes. If religious people would study the meaning of the words they often thoughtlessly use, and cast out absolute theological terms and cant phrases, we would find a wonderful harmony.

If men were truth seekers instead of defenders of sacred institutions, they would find themselves singing the same song. The current religion has been hampered by a "double standard" as applied to essential christianity. There are two ways of defining what is essential in a christian man.

The one is a form of thought—a set of ideas about religion. The other is life, a character. The one determines your standing as a church member—the other your standing as a man. One is dogmatic, the other practical. The one asks: "What do yon believe about God, and Jesus and the Bible and baptism and the world to come?" The other asks: "What are you in spirit and purpose today and how are you dealing with the present world?" The one inquires: "Have you prayed today and made your peace with God?" The other, "Have you paid your honest bills today, and made your peace with man?" Are you ready to die," says the one. "Are you ready to live," says the other. These are the two wings of an essential religious character and your type of religion will depend on where you place the emphysis.

Jesus stands for faith, hope and love, and these are not sectarian qualities. It is not the name we bear, nor where nor how we worship, but are we christians of the Christ ideal? There is no time for strife or bitterness, and very soon there will be no need. We shall reach a common level in a little while and an equal knowledge of the inaffable one. In the silent city there is social and religious democracy. Before the Father of all spirits we must stand as men and women and leave outside the door our dividing names.

All Souls church will resume services in September and will be thoroughly organized in the various departments.

Rev. Mr. Wilson will visit friends in Cleveland, Ohio, and attend the summer school of theology at Cambridge during part of July. While at Chautauqu during August he will preach for the First Unitarian church at Jamestown, N. Y.

Court Street M. E. Church.

Rev. W. A. Hall, pastor of the Court Street M. E. church delivered an able sermon yesterday morning on "Take." Following are important extracts:

God gives. We take. In the sunshine that burns the principle of expansion into all the being of vegetative life, in the rain that falls softly on the quickening earth, in the unfolding loveliness of the lily, in the yellowing grain, in the mellowing fruit there is a language. Its tones are certain. Its message clear. Listen: "In some way or other the Lord will provide. It may not be my way. It may not be thy way and yet in his own way the Lord will provide." God's bounty is sure. His giving is a fully accomplished fact. But to receive something more than God's giving is required. Grain in the fields is not bread on the table. Fleece on the sheep is not clothing on the back. Wood in the forest is not lumber in the house. God gives. He give various, amply and constantly. But we must take. How do we take? First, by faith. We must believe firmly that God has made provision for us and that that provision is to be had. Second, in one of the 10,000 ways of work we must do. And believing and doing we take what God in love gives.

Now in the spiritual realm God gives. We take In His word, in His Christ and in His Holy spirit God has given most richly. But we must take. For it is not the bible in print that counts but the bible in character and life. It is not Christ in history but Christ in the heart that tells. It is not the holy spirit on the day of Pentacost but the holy spirit present operation in the present moment. How are we to receive? Believe? Act? Believe you are saved and act as if you are saved. Believe you are God's very own and act as if you were. Believe you are on the road to that forever of purity and happiness we name heaven and act as if you were. Believing and acting, you will take. This bread and this wine are an arm and a hand let down from Jesus to us. In their striking symbolism they convey to us Christ's death and Christ. Coming we are to believe. Believing we are to come. We are to believe that our Savior's death is atonement real. We are to believe that whosoever cometh, not cast but is truly and consciously received is an heir to all the eternities and to God. And we are to act up to this high belief. This do in remembrance of me. Friends the banquet of pardon and love are spread. Come.

The Baptist Church

A very large congregation greeted Mr. Kempton. His subject was: "Why Read and Study the Bible." His text was John 5-39.

In spite of all the predictions of skeptics to the contrary, christianity has flourished and today has a greater hold upon the world than ever before. Men have tried to find some other religion for men, but christianity still stands and is still uplifting and saving falling humanity. Many are fearful that the bible will be done away with by higher criticism, etc., but it will stand and christianity will do its work while God lives.

First. We should read and study the bible because it is the most popular book in the world. More copies of the tbible are published in one month than any other book in ten years. It is more read and loved than any other book. Three hundred million bibles are in circulation and read by two thirds of the population of the earth in their own language, for it is translated into 380 languages and dialects. The best men of earth have studied and circulated the bible. Business men have given their employes copies of the bible, and success and peace have been theirs. The brightest day of earth will be when men and women read and live according to the bible. Second. A second reason why we should read the bible is because it is the most wonderful of all books. The bible has had a greater influence for good than all the other books of the world.

There is a great amount of ignorance of the bible. Many tests of educated people have been made, and great ignorance of the contents of the bible has been found. If we profess to be educated at all, we should certainly know much about the bible.

Third. Another reason why we should read and study the scriptures is because it is God's great masterpieces in building up christian and many character.

It is essential in developing character. No great character can be formed without the bible. There will be a defect somewhere.

President Lincoln, a short time before his death, said to his personal, but skeptical friend, Speed, "take all of the bible you can upon reason and take the rest upon faith, and you will live a nobler life and die a happier man."

May God help us to take the advice of our noble president and live and read God's word.

In the evening Mr. Kempton gave another sermon in his series upon "Difficulties With the Bible," the subject was "Prophecy and Its Fulfillment." Mr. Kempton will preach at the Grange hall next Sunday at 3 p. m.

SPOKE TO STUDENTS OF MILTON COLLEGE

BACCALAUREATE ADDRESS BY PRES. WHITFORD.

Delivered Last Evening Before a Large Audience—His Subject Was "Christ a Triumphant King"—Theme Well Handled By the Abe Educator.

The baccalaureate sermon at Milton college was delivered last evening by President W. C. Whitford before a large audience. His subject was "Christ a Triumphant King." He said in part.

"It is evident that a remarkably controling power attends the preservation and growth of the work of redemption on earth. It emanates from Christ and is constantly directed by Him in the exercise of His kingly prerogatives. The distinctive marks of a divine sovereign are ascribed to Christ after His ascension to the mediatorial seat. He is called Lord God in the sense of the almighty ruler. He is addressed as the King of Kings, having dominion over the living and the dead; in His reign He puts all His enemies under His feet; He must be honored as the Father is honored; and saints must be satisfied with His exalted authority. He was elevated to be the kingly head by the election of the Father. He did not usurp the place, and was not appointed to it by the suffrages of angels or the redeemed. He deserves to occupy this royal seat, because of His humiliation on earth. His sacrificial death for the sins of men, and for His obedience to the will of the Father.

"In His sovereign office, Christ holds the complete government of the universe. He is 'the head over all things.' Christ subserves this kingly authority and dominion to the maintenance, progress, and final triumphs of the faith he introduced and established. He has taught the fundamental principles on which the redemptive work is organized and governed.

"He supplies the imperishable truths and the supreme motive by which the recipients of divine grace are fitted for His service and His companionship in all future time. He brings to naught all hostile to His saving power, whether they be pretended friend or avowed enemies. The gates of hell are not permitted to prevail against His efforts. No repentant soul can be plucked out the Father's hand. He guides all movements of redemption by His very presence, and dwells in the hearts of all its true promoters in love and sympathy for them. He secures the converting and sanctifying energies of the holy spirit as an adjunct to the presentation of His gospel and to the furtherance of His purposes to qualify His followers to be efficient laborers in His kingdom on earth."

ENJOYED SUNDAY FESTIVAL

Given Yesterday at Caystal Springs Park By Concordia Society

Yesterday was an ideal day and many Bower City people took advantage of it and attended the musical festival given at Crystal Springs park by the Concordia society and enjoyed being fanned by the refreshing breezes and listening to the excellent music discoursed by the Imperial band. The crowd was large and well behaved, the music was delightful and everybody found enjoyment after the week of activity in business life and household cares.

The steamer Columbia made its first trip up river at 10 o'clock in the morning and continued at frequent intervals during the remainder of the day and each trip the capacity of that craft was tested, though it was not by any means the only means of conveyance. Scores went on their bicycles, while many drove. The crowd exceeded the expectations of everybody, not excepting the waiters who were frightened and fatigued by the vast demand for refreshments, and hurried hither and thither in an aimless way. There were many family groups in the park, some going early in the forenoon and taking lunches.

All had a good time and the affair was completely void of the objectionable features that oftimes go to mar the pleasures on such occasions and the members of the Concordia society are to commended for their successful efforts at entertaining.

I was seriously afflicted with a cough for several years, and last year had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and wit the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs. Mary A. Beard, Clare more Ark. LEANS DEFEATED THE FATS

Special Feature of the Traveling Men's Picnic Last Saturday.

One of the special features of the fourth annual picnic of Janesville Council No. 108, Order of United Commercial Travelers of America at Idlewyle park last Saturday afternoon was the ball game between the Fats and Leans. The Leans were captained by Landlord John F. Sweeney, and the Fats by W. W. Porter. The game was very close, the score being 24 to 23, and only five innings were played, which was sufficient to suit the Fats, who were ready to quit when their credit was good. The game was umpired in a faultless manner by C. C. MacLean.

The teams lined up as follows:

JUDGE DUNWIDDIE PRESIDES

Disposes of Much Business With Dignity and Ease.

Last Saturday, Judge B. F. Dunwiddie held court in Rock county for the first time and disposed of the following cases with dignity and ease:

A divorce was granted to Charles Y. Nellis, from Ellen E. Nellis. The parties reside at Beloit. The plaintiff was given the custody of the minor children. Silas Menzies appeared for the plaintiff and the defendant was in default.

In the matter of W. S. Jeffris, receiver against the Hall Furniture company, the report of the receiver was ratified and received.

The case of J. M. Bostwick vs. Mutual Life Insurance Co., of New York, was placed on the calendar.

The case of Michael Thuerr against Bertha Thuerr was placed on the court calendar for July 5.

Adgie Evans against W. W. Evans. Judgment to be applied for.

Grace E. Kinkey against Fred Kinkey et al. To be set for trial.

J. J. Kendall against Eliza J. Wilkins. To be set for trial.

Edwin Fifield vs. Catherine Kelley. To be set for trial.

John Broderick vs. Emma Belle Carey, Judge Dunwiddie being of counsel, a change of venue will be taken or another judge called in.

James Gibson vs. George N. Van Etta et al. To be set for trial.

The divorce case of Edward A. Cornwell against Mary E. Cornwell was taken up. E. D. McGowan appeared for the plaintiff and Horace McElroy for the defendant. The case was held open for further evidence and authorities.

The case of L. H. Towne, receiver, etc. vs. Albert Schaller et al. will be settled.

The case of E. C. Johnson et al. vs. Rock county will be settled. This is a suit brought by Landlords Johnson & Stevens, of the Hotel Myers, to compel the county board to allow their bill of fifty cents per meal for feeding Rock county circuit court jurors.

In the case of George W. Earle vs. Rock county, the jury was waived; also in the case of H. N. Cronkrite vs. Rock county. These are cases for officers' fees for arresting tramps and court fees for the same.

The case of S. S. Chase vs. Jonathan Ellis, et al., gar., will be referred.

Mary Bray vs. John M. Bray. To be set for trial.

George H. Webster vs. Estate of J. D. Holmes. To be set for trial.

The Crisis in France.

Paris, June 26.—Today's debate in the chamber, when the new cabinet will make its first bow, is awaited with intense interest. The anti-Dreyfus party is moving heaven and earth to overturn the ministry, attacking simultaneously Gen. Gallifet, minister of war, and M. Millerand, minister of commerce. The republicans are far from being a unit on the question of supporting the Waldeck-Rousseau ministry, but it is believed that at the last moment they will come up to the scratch. The fact that political chaos is sure to follow a defeat makes success almost certain.

Clew to Alameda Gold Thief.

Honolulu, June 18, Via San Francisco, Cal., June 26.—It is almost certain that the chest containing $25,000 in gold lost from the steamship Alameda was taken from the ship at this port. The man who is suspected of having robbed the ship is also known to have escaped beyond Hawaiian law, and is now in Japan. He is supposed to be an Australian named Wilson, who has been suspected in other such robberies between Sydney and Auckland.

Congress of Women.

London, June 26.—The quinquennial session of the International council and of the International Congress of Women will be opened in Westminster town hall this afternoon at 2:30 o'clock with a public reception to the delegates, at which the countess of Aberdeen, the president of the council, will deliver her address and the accredited delegates will present their credentials.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by People's Drug Co., Cor. Main and Milwaukee streets.

GROWTH OF TRAVELING LIBRARIES.

How the Movement Has Spread Through the South and West.

BY ANNETTE CRAWFORD.

While the traveling library movement is by no means new, its development during the last two or three years has been most rapid and interesting. In many parts of the south and west this scheme of circulating good books in districts which are remote from public libraries and bookstores is now being operated with great success.

The traveling library system of Georgia is a type. It was organized by Mrs. Eugene B. Heard, who is also president of the Seaboard Air Line Village Improvement association. At a recent meeting of the American Library association in Atlanta Mrs. Heard made an interesting report of her work.

She began in a small way at her own home in Rose Hill, Middleton county. There were very few books in the village besides those owned by Mrs. Heard. She wished that more of her neighbors would read. She began by lending her own volumes.

From various sources she increased her stock and made plans for a wider and more systematic distribution of books. She put the books into small lots of 15 or 20 volumes each. These she packed in neat boxes, suitably labeled, and found means of sending them to persons in nearby villages. When all the books had been read, the case was returned and another one sent in its place.

Since then the impetus given to her effort by the free transportation granted by express companies and railroads has enabled her to send the boxes in all directions. Quantities of books have been given, and the rooms at Rose Hill, which were used as a distributing headquarters, are now overcrowded.

The village of Middleton is now considering the erection of a building especially designed for a library, and it is proposed to provide an assistant for Mrs. Heard, who is devoting herself, without recompense of any material kind, to this work.

"I am glad to do it," she says. "Before I went into this work I felt that there were books too precious to be handled, that many of mine were too good to be lent to anybody. Now, I know that nothing is too good for the poorest reader, and I never send out a box that I do not try to put in some of my choicest volumes."

Mrs. Heard was for three years chairman of the library committee of the Georgia State Federation of Woman's Clubs. She was one of five library commissioners of the state, appointed by Governor Atkinson. It was through the influence of the women of the federation that she first took up the work, and having entered upon it she labored continuously. Through her intercession the co-operation of the railway lines was secured.

TRAVELING LIBRARY IN A VIRGINIA TOWN.

The states to which books are sent are the five seaboard states—Virginia, North and South Carolina, Georgia and Florida. Mrs. Heard said that the greatest call is made for educational books, and of these all that are on child study and household economics are popular.

From the country women there is a special demand for cookbooks of all kinds and volumes containing labor saving suggestions. Magazines and all periodicals are thankfully received. Many are sent as gifts direct from the publisher. Old numbers of any periodicals are also found interesting by the readers in far away places, where few books are to be had. If these back numbers are of successive months, they are the more valuable.

Wherever she hears of an opportunity to establish one of the village improvement clubs Mrs. Heard goes to the place to organize it. The traveling library was first taken up as a supplementary work to that of the village improvement association.

In much the same way the traveling library movement has spread in other states. In nearly every case enterprising and public spirited women have done the work.

The same scheme for traveling libraries has even been adopted in Chicago, where small boxes of books are distributed among the homes in the poorer quarters of the city.

Sable Island Disappearing.

To those who regard the world as already finished and quite rounded off the announcement that Sable island, some eighty-five miles east of Nova Scotia, is sinking, comes as a somewhat startling piece of news. But as a matter of fact, this island, which has become so noted a menace to trans-Atlantic commerce that it is known as the "ocean graveyard," has been steadily sinking for the past 100 years. It has decreased in length from forty to twenty-two miles, and naturally, as it grows smaller, the fury of the sea makes a greater impression upon it and hastens its disappearance. Within another century it may be only an ocean reef, and then be more dangerous than before in the path of ships.

MR. GAGE FIGURED WELL.

Washington dispatches announce that the treasury deficit for the current fiscal year amounted today to $100,301,520.97. The government's total indebtedness on account of the Spanish-American war was much greater several months ago, but the recent improvement in finances as a result of the enormously large customs and internal revenue receipts has been so marked as to cause Secretary Gage to revise his estimate of the indebtedness for the year which will end June 30. He now predicts that the deficit will not exceed $100,000,000, and he believes that it may possibly be as low as $96,000,000.

An estimated statement of the expenditures for the current fiscal year, now nearly completed, places the disbursements at $610,000,000. The receipts by the end of the present month will be about $514,000,000. Up to today the total expenditures of the government for the year have been $599,712,972, and the receipts have been $499,317,451. The estimate of total recipts for the year is based on the assumption that the total receipts from internal revenue sources will be $272,500,000, from customs, $205,500,000, and from miscellaneous sources of revenue, $36,500,000. In his annual estimates, submitted to congress last December, Secretary Gage figured that the deficit for the current fiscal year would be $112,000,000, so that the present good showing is a surprise to him and to the other officials of the treasury department, who had been estimating a deficit considerably in excess of $100,000,0000, and counting on the possible necessity of borrowing money.

The customs receipts have exceeded all expectations, especially during the spring months, and this fact is largely responsible for the decreased deficit. The interal revenue receipts under the war revenue law have also been large, and it can be said that the law has accomplished all that Secretary Gage expected from it.

The New York Produce Review pays Dairy and Food Commissioner H. C. Adams this compliment in reviewing his annual report:

"Commissioner Adams is to be congratulated upon the publication of so clear and intelligent a presentation of the work of his department and relating facts. It is gratifying to learn that Mr. Adams has been lately reappointed to the office of dairy commissioner of Wisconsin, by Governor Scofield."

General Leonard Wood has refused an offer of the presidency of a street railway system at a salary of $35,000 a year—nearly six times larger than that of a brigadier general—on the ground that it is his duty to remain in the army as long as he can make himself of service, and returns to Santiago next week. General Wood is made of the right stuff, and the American people won't forget him.

As usual, the French republic has been "greatly strengthened" as the result of the recent crisis. If this thing keeps on the republic is liable to get into the condition of the man who was "too strong to work."

LITHOGRAPHS OF FIRE BRIGADE

Darktown Company Leave for Janesville July First.

Chairman C. D. Childs of the Fourth of July committee, is convinced of the success of the celebration, especially the amusement part. He has received from Chief O'Connor of Darktown, a handsome set of six lithograph pictures representing the brigade on dress parade and in action.

Chief O'Connor assures Mr. Childs that he will have at least eighty people in his brigade with the Porto Rico engine and a hook and ladder company drawn by one mule, and with this assurance Chairman Childs will spare no expence or labor in the efforts to make this feature of the amusements a success. Contracts were let this morning to build two cabins one on the Doe lot on W. Milwaukee street, the other on Division on E. Milwaukee street. These cabins will be burned, unless the Darktown brigade succeeds in putting them out.

Mr. Childs received this morning the following dispatch:

Darktown, Ga., June 26, 1899—[Special]—C. D. Childs, Chairman Fourth of July Committee, Janesville, Wis.—We leave here for Janesville on on the 1st of July, understanding that your people wish a little amusement. In connection with the fire brigade we bring with us twelve "polished gentlemen" who will do the cake walk on your bridge at 3 o'clock in the afternoon and I wish to enter these gent'mn for the prizes you offer for procession characters.

CHIEF O'CONNOR.

The Darktown brigade cannot reach Janesville before 2 o'clock in the afternoon, consequently the parade will start at 10 o'clock in the morning and will continue with a short interruption for the exercises at the park and for dinner until four o'clock in the afternoon.

For the exercises which the Darktown boys will give, Chairman Childs has appointed Profs. F. M. Marzluff and J. F. Sweeney judges of the amusements on the bridge. Profs. Marzluff and Sweeney have secured a huge baloon and will not announce their decision until they get high over the river and the baloon cut loose. This will be an acrobatic feat of Messrs. Marzluff and Sweeney.

HEART FAILURE

has often been styled the cause of death in persons who have long lingered in disease. The amazing work which the heart regularly performs would certainly pre-suppose its breaking down. The most active climber can raise himself 1000 feet in an hour, the best locomotive 4000 feet and the heart 20,000 feet. To preserve its energies in full glow and force, Pabst Malt Extract, The "Best" Tonic, will act as an effective and practical fuel. No steam without fire. No energy without food. No staying power without rich supplies of blood. The heart is the great engine of the body. Keep it going, steadily, easily, persistently, unto a ripe old age.

Philadelphia, Pa.

I have used your Malt Extract where a "Best" Tonic seemed to be indicated, and the results have proved quite satisfactory. Where a malt preparation is required, I shall not hesitate to suggest the use of your preparation.

TOBACCO PLANTS MAY BE MORTGAGED

JUDGE FIFIELD RENDERS HIS DECISION.

Attorney Henry S. Sloan Wins a Most Important Legal Complication—Of Special Interest to All Growers of Leaf Tobacco—Case May Be Carried to Supreme Court.

Municipal Judge Fifield rendered a decision in the case of Archie Reid against J. R Shook, Conway Bros., garnishee, and E. H. Smith, impleaded, today finding in favor of E. H. Smith.

This decision was awaited with much interest as it passes on a most important legal point allowing farmers to mortgage their tobacco plants prior to transplanting.

On June 4, 1898, J. R. Shook executed a chattle mortgage on his six beds of tobacco plants in the town of Center to E. H. Smith.

After these same plants had been transplanted Shook again executed a mortgage on seven acres of tobacco to Archie Reid the tobacco in question being the same plants involved in the first mortgage.

After this same tobacco had gone through the shed, Shook sold it to Conway Bros.

Archie Reid then guarnisheed Conway Bros. for the amount of his indebtedness.

Conway Bros. then paid the money into the court and then answered that E. H. Smith claimed the same under the mortgage executed by Shook to Smith on the tobacco plants.

The court has now held that the mortgage from Shook to Smith was valid and that Smith was entitled to the money from the sale of the matured crop.

Attorney Harry S. Sloan appeared in behalf of Mr. Smith, while Sutherland & Nolan looked after Archie Reid's interests.

An appeal may be taken to the supreme court.

The only way to cure constipation is to remove the cause. This can be done by taking Rocky Mountain Tea, the only absolute cure. 35 cents. Smith's Pharmacy, Kodak agents.

WINE OF CARDUI

A SURE MEDICINE.

HANDSOM, VA., Dec. 21.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

McELREE'S
Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

FARMERS RECEIVE THEIR MAIL DAILY

LOCAL PARTIES INAUGURATE A NEW MOVE.

Daily Route Will Be From Janesville to Smithton and Return—Farmers Are Pleased With the Idea and Many Have Already Entered the Plan.

Farmers residing between Janesville and Smithton on the Emerald Grove and Fairfield road, will receive delivered daily mail once a day after Saturday, July 1.

C. H. Smith, of this city, has been awarded the government mail carrying contract between this city and Smithton and the plan of delivering mail to the many farmers along the way is a move entirely his own and for which he receives his pay from the farmers.

Mr. Smith's plan is to charge one dollar and forty cents a year which is moderate for the accommodation given.

His intention is to visit farmers along his direct route so that it will not interfere with his government contract, which is regulated by time at both ends of the route.

The daily mail plan is one that Rock county farmers have been trying to solve for some time and they still hope to see the day when the government will take their cause in hand.

Henry Casson, special agent of the postoffice department for the investigation of the experiments in rural free delivery, has been in Viroqua this week looking over the three routes which Representative Babcock has recommended to the department to be established in Vernon county. Mr. Casson has found what he considers three very desirable routes, which will supply a population of approximately 2,000 people, and will recommend the establishment of the service to take effect July 10.

If the department approves of his recommendation and the service is established, carriers will leave Viroqua after the arrival of the morning train, delivering the mail to each of the farmers who may desire it, and gathering the return mail, returning to the postoffice in time for outgoing train in the evening. In addition to supplying mail to the farmers, carriers will sell postage stamps, and will be permitted to carry packages, express and passengers, if they so desire. Farmers will be required to place their mail boxes at the road in a convenient place for the carrier to deposit their mail.

LOCAL PARTIES WILL ATTEND

Young Woman's Christian Association Meeting At Lake Geneva.

In all probability Janesville will be represented at the ninth annual conference of the Young Women's Christian association to be held at Lake Geneva, Wis., from June 30 to July 11, inclusive. Bible classes and college and city conference with the missionary conference and address will occupy the morning hours, while the afternoons will be devoted to rest and pleasure. In the evening, a short vesper service will be held on the lake front at 5 o'clock, an address by some good speaker being given in the auditorium at 8 o'clock. Railroad rates at reduced cost will probably be secured and the rates at the conference are small.

DOMESTIC COOKERY.—There is an erroneous notion, very common in the country, especially among the English people, that good cookery is as expensive as it is difficult. The French system is the least expensive and in simplicity exceeds the English cooking. Louis Eustache Ude, the great French epicure, said: "It is a mistaken notion to suppose that good cookery is expensive; on the contrary, it is the cheapest. By good cookery we make the most of everything; by bad cookery the least. The French utilize everything. They treat cold vegetables, all cold odds and ends of meat, in a way that makes a delightful course. After a meal everything is saved. The vegetables, make a salad—with a dressing of oil and vinegar, a touch of garlic or onion. It is a sad spectacle to witness the sinful waste that American housewives practice."

AT the regular meeting of the I. O. F. in I. O. G. T. hall tonight, matters of grave importance to the court will be brought up. All members are earnestly requested to attend.

A DIRECTORY for graduate nurses has been established at King's Pharmacy. The names, addresses and hospital from which each graduated are given. Calls for their services may be received there.

TUESDAY June 27 the C. M. & St. P. Ry. will run a special passenger train from Janesville to Milwaukee, leaving Janesville at 9 a. m., arriving in Milwaukee at 12 noon. This is in addition to the regular service.

GLADYS BARBER celebrated her seventh birthday on Saturday by giving a party to a number of her juvenile friends. After partaking of a sumptuous dinner, the little ones amused themselves with games, and made the welkin' ring with their merry voices.

THE Portland Oregonian says: "W T. Vankirk, a capitalist of Janesville, Wis., is in the city and is a strong admirer of Portland. He will probably locate agencies for several Wisconsin enterprises in which he has the controlling interests."

THE F. E. Kilmer restaurant, 103 West Milwaukee street, has been purchased by R. C. Inman, the transfer taking place last Saturday afternoon. Mr. Inman is well and favorably known in the Bower City and will undoubtedly meet with success.

WE are receiving recommends from several Janesville people on our foot powder. One man told us he had used one of the best known powders and found it to be very good but he thought our powder was the best of any. We guarantee it; 25c a box, People's Drug Co.

MISS M. L. Peterson Saturday received the sad intelligence of the death of her aunt, Mrs. Lucinda Baker, of Claremont, N. H., which occurred the same morning. Mrs. Brker was eighty years of age and was the sister of the late Alfred Alden, of this city. She was the last member of the family and her death occurred just three weeks after her brother's.

IN addition to its regular passenger service to Milwaukee, the Chicago, Milwaukee & St. P. R'y will run a special passenger train from Janesville to Milwaukee at 9:45 a. m. Tuesday, June 27. Regular trains leave Janesville at 7:00 a. m., 10:45 a. m. and 4:35 p. m. For the return trip trains leave Milwaukee at 7:00 a. m., 2:45 p. p., 5:10 p. m., 7:40 p. m. and 11:00 p. m.

JUNE WEDDINGS OF LOCAL INTEREST

NORCROSS—WREN NUPTIALS AT CHICAGO.

Groom Is the Son of Captain and Mrs. Pliny Norcross, of This City—Bride Is a Popular Chicago Lady—Indian Ford Couple United By Rev. W. A. Hall.

At Chicago at 12 o'clock noon today was performed the ceremony that united as husband and wife Frederick Norcross and Miss Alice Wren.

The ceremony was performed in the Baptist church and was witnessed by many friends of both bride and groom.

Of special interest is this wedding to local residents as the groom is a well known former Janesville boy, being the son of Capt. and Mrs. Pliny Norcross, of this city.

For several years past he has been engaged in the practice of law in Chicago, where he has met with success in all that the word implies.

The bride is a Chicago girl and is a favorite among a large circle of frinds.

Following the ceremony today a reception took place and most hearty congratulations were in order.

Mr. and Mrs. Norcross will spend their honeymoon in England, after which they will make Chicago their home.

Among those from here who attended the ceremony were Capt. and Mrs. Pliny Norcross and Edwin Norcross.

Wood-Alverson

Yesterday afternoon at 3 o'clock at the Madison street home of Dr. and Mrs. H. G. Webster was preformed the wedding ceremony that united Lyman Wood and Miss Ollie Alverson, both of Indian Ford.

Rev. W. A. Hall of the Court Street Methodist church, officiated.

The groom is a miller at Indian Ford and is a highly respected business man.

The bride is a highly esteemed young lady and a host of friends will join in extending hearty congratulations.

IN NEW HANDS

Kilmer's Cafe Purchased By R. C. Inman of this City.

The restaurant known as Kilmer's cafe at 103 West Milwaukee street was purchesed Saturday by R. C. Inman, who immediately took possession. Mr. Inman is a well known Janesville young man and he starts into his new venture with the best wishes of a host of friends. He will do his utmost to conduct a first class restaurant and cafe and will cater to the wants of the ladies and gentlemen whose patronage he solicits. The market will be searched at all times for dainty, palatable articles and prices on all things will be within reason. Those who wish a good square meal or lunch can be accommodated at any hour as the place will be open day and night.

ENTERTAIN THIS EVENING

Party of Boys and Girls Will Take Steamer Trip.

This evening on the steamer Idlewyle a party of young folks will make a trip up the river and will enjoy a return trip by moonlight.

Light refreshments will be served and the intention is to make a stop at one of the parks and indulge in a few two steps and waltzes.

The young men who will act as hosts are:

Fred Leahey, Arthur Valentine, Charles Tallman, Ralph Inman, Leo Brownell, Len Johnson, and Mark McNamra.

EX-MAYOR BAINES AT MADISON

Has Already Commenced the Erection of a Large Warehouse There.

At Madison last Thursday ex-Mayor Frank S. Baines of this city, made a lease with the Chicago, Milwaukee & St. Paul railroad, for land that adjoins Sutter Bros.' warehouse, and Saturday broke ground for the erection of a building to be 120 feet by 60 feet, into which he will move his Janesville plant. Mr. Baines intends to locate his interests in Madison permanently, and when his preparations are completed will remove his family to that city.

'NEATH THE SHADOW OF DEATH

Mrs. Mary Coppin

Funeral services over the remains of the late Mrs. Mary Coppin were held from the house, 153 Lincoln street, yesterday afternoon at 3 o'clock. Rev. W. W. Woodside, pastor of the First M. E. church, officiated and the interment was in Oak Hill cemetery. The remains were viewed yesterday morning between the hour of 10 o'clock and the time of the services by a large number of grief-stricken relatives and friends.

Georgie R. Bidwell

The funeral services over the remains of the late Georgie Bidwell were held this morning at 9 o'clock from the home of the parents, Mr. and Mrs. George W. Bidwell. Rev. A. C. Kempton, pastor of the Baptist church, officiated, and the interment was in the Plymouth cemetery.

MAY FORM CYCLE PATH ASSOCIATION

MEETING CALLED HERE DUR ING L. A. W. MEET.

What Is Needed Is Better Bicycle Roads Through This Portion of the State—Paths Are All That Is Required and the Cost Would Not Be Expensive.

The semi-annual meeting of the Board of Officers of the Wisconsin Divison, L. A. W., will be held in Janesville on the morning of July 13, during the state meet. Only one session will be held that day, but another meeting will be held as soon as the state meet comes to a close. There is no very important business to come up before the meeting, but a discussion regarding the building of cycle paths throughout the state will be had and an effort will be made to organize a Cycle Path association in various cities. Should the meet prove a success financially the Board of Officers will discuss the advisability of holding a meeting in some other Wisconsin city some time in August. Chief Consul Valkenburgh will address a circular regarding the meeting to all the officers some time this week in which the programme of the meeting will be outlined.

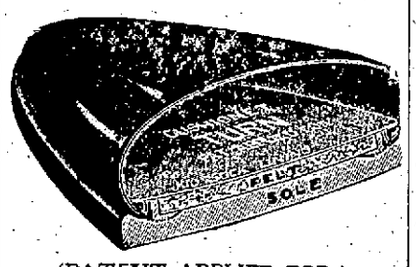
See How Cushionet Turns are Made.



(PATENT APPLIED FOR.)

Heaviest square edges ever shown on fine turn Shoes. Uppers are protected; will not rip and will outwear any ordinary Shoe

The felt cushion is stitched to a heavy canvass which is then covered by the kid sock lining so that the foot does not come into contact with the felt and there are no complaints regarding these Shoes being too warm for summer wear. The advantages are in the heavy soles and heavy filling forming a much better treading surface and in keeping the feet up and away from the ground.

The Felt Cushion Conforms to the shape of the foot.

We have secured exclusive sale of these Shoes.

GATELEY & MAXFIELD.

TORNADO AT BRADLEY, NEB.

Village Is Badly Wrecked and One Man Is Seriously Injured.

Bradley, Neb., June 26.—Early Sunday morning a tornado struck this village, wrecking many houses. The storm came from the north with a tremendous roar and roused everybody from bed. It first struck the two-story brick block owned by Charles Nash of New York, and occupied by a drug store and a general mercantile store below and the Methodist society upstairs. The building was totally wrecked, entailing a loss, including merchandise and furnishings, of $10,000. Floyd A. Walworth was caught in the debris and seriously hurt.

Across the street the postoffice was totally wrecked. The building was owned by William Miller and valued at $1,000. Corliss' general store was unroofed and the residence of David Mangus was much damaged.

GUARDS FOR MINES AT PANA.

No Trouble Is Anticipated When Troops Leave the District.

Pana, Ill., June 26.—The non-union miners employed at Penwell colliery held a meeting at the mine Sunday and decided not to return to work unless a strong cordon of guards were placed around the premises. The operators will do this, and have employed a number of militiamen now stationed here as guards for the purpose. The militia departs today and the men hired will return on Tuesday.

Mayor Corman says that he will control the situation upon the departure of soldiers and that he anticipates no trouble. The union officials state that no outbreak will occur unless the negroes start it.

Packing Firms Raise Wages.

Chicago, June 26.—Nearly all of the packing companies in the stockyards have agreed to a general advance in wages of 25 cents a day for unskilled labor. It is expected this will have the effect of preventing further labor troubles in the yards from this source. But the advance to the unskilled men has aroused a spirit of dissatisfaction in another quarter, and it is said that it may cause more trouble than the unskilled men could have made if they had all gone on strike. "If the unskilled men can get an increase of 25 cents a day so easily," say the skilled men, "what's the matter with us getting a little extra spending money?" Several meetings of the skilled men were held yesterday for the purpose of deciding what kind of an increase should be demanded.

Inquiry Into Mine Disaster.

Chihuahua, Mex., June 26.—Gov. Ahumada has ordered that an official investigation be made of the causes that led to the cave-in of the Santo Domingo mine in the Santa Eulalia district, this state, a few days ago, in which twenty-seven miners lost their lives. It is charged that the mine was in an unsafe condition and that the cave-in was threatened for several days before it actually occurred.

Painter with a Past.

Professor Hubert Herkomer, R. A., has had a most interesting, strange and varied career. Born in a little, unknown town in the Bavarian Tyrol, he has lived to be the successor of John Ruskin as Slade professor at Oxford, a royal academician, the founder of a unique art school, and one of the most famous painters of the nineteenth century. Herkomer is possessed of a strong and attractive personality. He is not very tall, but has a strident voice, which is only gentle when under the soft influence of any great emotion; a colorless yellow skin, and the most wonderful dark eyes in the world. His house, in the quiet and picturesque little village of Bushey, Herts, is one of the most artistic, complete, and beautiful homes in England. All the silver plate has been designed and executed by the professor himself, and much of the wood-carving is from the hands of his late father and his uncle, who had the look of two old wood carvers of the middle ages—simple, unaffected by the interest that was naturally awakened regarding themselves, quietly absorbed in their handicraft.

Hotel Exclusively for Women.

The trustees of the Homestead building trust are to commence at once the building in Boston of an 8-story hotel for the exclusive use of women on property owned by the Stetson estate. Josephine Wright Chapman has drawn up the plans for the structure. It is to be arranged in suites of one, two and three rooms and bath, while the general accommodations include parlors, gymnasium, bowling alley, roof garden and restaurant, with all the other adjuncts of a first-class house. Prices will range from $10 to $45 a month for the suites, according to size and location, and will include light, heat and opportunity to avail of all the benefits. The building, furniture and equipment will cost about $400,000.

If you want your clothes clean and bleached white, use Maple City Self Washing Soap.

Bubonic Plague at Honolulu.

Honolulu, June 18 (via San Francisco, Cal., June 26).—The bubonic plague has come half way across the Pacific ocean. The Nippon Maru, arriving here early yesterday morning, was put in quarantine by the board of health on the report of bacteriologists that a death which occurred three days before the vessel arrived here was due to the bubonic scourge.

Two Freight Trains Collide.

Lansing, Mich., June 26.—While an east-bound Chicago & Grand Trunk freight train was standing on the main track at the Lansing station at 7 o'clock Sunday morning it was run into by another freight train, bound in the same direction. The locomotive plowed half way through the caboose. The crews saved their lives by jumping. The locomotive and five cars loaded with general merchandise were completely wrecked, being so splintered and broken that it took a wrecking train five hours to clear the track. The damage is estimated at $25,000. The accident is attributed to defective brakes.

Flames to Hide a Murder.

Laurel, Del., June 26.—It is believed that the fire which almost wiped this town out of existence Saturday was caused by incendiaries who wished to cover up a murder. This belief is based on the information of a night watchman, who says he heard pistol shots coming from the poolroom kept by J. J. Larimer, in which place the fire started. Citizens say they heard shots, and one says he saw two men hurriedly leave the poolroom shortly after the fire was discovered.

NEED OF NEW DEPARTMENT.

Handling of Colonial Affairs Will Be a Big Task.

LARGE VOLUME OF BUSINESS.

The Establishment of a Special Bureau for This Work Will Do Away with Much Delay in the Transaction of Business.

Washington, June 26.—Because of the large volume of business connected with the administration of civil affairs in Cuba, Porto Rico and the Philippines the war department will take action in a few days looking to the enlargement of the division of insular affairs.

War department officials, who know the amount of work incident upon the acquisition of the new colonies, say there is no question of the need of a department of colonial affairs. Oftentimes it is necessary to refer questions to the state department and to the department of justice for their views, making three departments, including the war department, which have to be consulted. Were a single department in existence it is declared that much delay in the transaction of business necessarily following the present system would be avoided.

All of these facts are under consideration by the president in connection with the proposition to recommend to congress the establishment of a department of colonial affairs. The friends of Assistant Secretary Meiklejohn says that if a department of colonial affairs is organized his experience in the conduct of insular matters will certainly be considered in connection with the appointment of its chief.

DEWEY TO VISIT BOSTON FIRST

Report That the Admiral Will Reach New York Later.

Boston, Mass., June 26.—The Herald says that Admiral Dewey will visit Boston and be entertained here before he goes to New York,this forecast being based on the reported statement of the United States consul-general at Halifax that he has received word direct from Washington that the Olympia will make Halifax its first American stopping place.

Military Acts Denounced.

Butte, Mont., June 26.—There was a public open-air meeting here Saturday to protest against the action of the military authorities in the Coeur d'Alenes. Speeches were made and resolutions adopted condemning the imprisonment of men at Wardner, "held and tortured to wring from their lips words which might be used to establish guilt, under conditions which make the Spanish inquisition pale into insignificance." President McKinley is called upon to order a cessation of "this usurpation of power."

Trousers Makers Strike.

New York, June 26.—More than 2,400 members of the East Side Trousers Makers' union went out on a strike Sunday. Several hundred additional will go out, including 120 men who are working on soldiers' uniforms. Incidentally above 5,000 women and children will be thrown out of employment before the week is over. The men are now working sixteen hours a day for $6 a week.

Metal Workers Pick Officers.

New York, June 26.—At the national convention of the Metal Polishers', Buffers', Platers' and Brass Workers' Union of North America at Newark, N. J., Saturday, Edward E. Lynch of Cleveland was re-elected president. Charles Atherton of Dayton, Ohio, was chosen treasurer and James J. Kinney of Cleveland secretary. The next convention will be held at London, Ont.

Detroit Will Care for All.

Detroit, Mich., June 26.—The local committees of the 1899 international Christian Endeavor convention announce that the latest canvass of the entertainment committee shows that 35,000 visitors have thus far been amply arranged for in the matter of lodging and meals, and if the number should reach 50,000 they can easily be accommodated.

Three Boys Hurled to Death.

Norfolk, Va., June 26.—The Norfolk and Southern passenger train, when within a mile of Elizabeth City, N. C., Saturday, dashed into a buggy in which three boys were seated, killing all three, as well as the horse and demolishing the buggy. The victims were Henry and William Mann, aged respectively 14 and 10 years, and Charles Baker, aged 14.

Spanish Army Limit Fixed.

Madrid, June 26.—The Official Gazette announces that the effective active army for the next financial year has been fixed at 108,000 men.

DRINK GRAIN-O

after you have concluded that you ought not to drink coffee. It is not a medicine, but doctors orders it,because it is healthful, invigorating and appetizing. It is made from pure grain, and has that rich seal brown color and tastes like the finest grades of coffee and costs about ¼ as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

BASEBALL REPORT.

Standing of the Clubs in the Leading Leagues.

The Chicago team lost a game yesterday to Brooklyn, but had no chance to sink in the standing, for St. Louis kindly dropped two games to second-division clubs, one of them the cast-off Clevelands. The game was one of the new double-headers, New York being the third participant. Cincinnati came up and Baltimore tumbled as the result of two victories for the Reds. Louisville also took two falls from Washington. The standing:

Say They Are Train Robbers.

Helena, Mont., June 26.—United States Marshal Woolman has advices from Beaverhead county indicating that the two suspects captured there Tuesday by an under-sheriff are the men implicated in the Union Pacific robbery, for whose capture a reward of $3,000 each is offered. As soon as the identification is certain, the men will be given an early hearing at Dillon before the United States commissioner. That official will probably hold them to the federal court of Wyoming. Then application will be made for a warrant of removal. Sheriff Dunn of Carbon county, who is leading a posse of three men up the Stinking Water after six suspects, has not been heard from since last Wednesday, and it is feared he may have been overcome by superior numbers.

Automobiles for the Army.

Washington, June 26.—Acting on the suggestion of Gen. Miles that the availability of the automobile be tested for army use, several machines have been ordered, with the request that three be furnished at the earliest possible date. The signal corps intends to test the automobile, carrying weight, over such roads as extend from this city to Fort Myer, Virginia. These roads present all manner of grades. If the tests are in favor of the machine its use will be extended to Cuba, Porto Rico and to the scene of actual hostilities in the Philippines.

For a Great Cattle Company.

Fort Worth, Tex., June 26.—George B. Loving, who is at the head of the great deal having as its object the formation of a gigantic cattle and ranch company in Texas, in an interview said that the company would be an American organization composed of New York capitalists and not Englishmen, as reported. The intention is to form a company with $40,000,000 capital.

Knights of St. John Gather.

Cleveland, O., June 26.—Delegates are beginning to arrive to attend the international convention of the Knights of St. John, which begins here to-day. Twenty thousand visitors are expected. Henry J. Werst, the president of the organization, says that he will not be a candidate for re-election. The most prominent candidates for the place are Henry J. Fries of Erie, Pa., and John Dunn of this city.

May Abolish the Feud County.

Manchester, Ky., June 26.—Because of the killing of "Tom" Baker while a prisoner in charge of the state troops and the determination of Gov. Bradley to call an extra session of the legislature, which will likely abolish the county of Clay, distributing the territory among adjoining counties, the officials are at a loss to know what to do.

KENTUCKY MEN FOR BRYAN.

Democratic Convention Indorses Silver and the Chicago Platform.

Louisville, Ky., June 26.—After a week of excitement the democratic state convention has passed into a tiresome deadlock. Saturday a platform was adopted which reaffirms the Chicago platform, declares for Bryan and free silver in 1900, denounces trusts, arraigns the republican national and state administrations, and urges the election of J. C. S. Blackburn to fill the next vacancy in the United States senate.

As to the war, the platform says: "We indorse the war carried to success for the freedom of the enslaved Cubans, and we appreciate and honor the courage and heroism of our soldiers and sailors therein engaged. But we declare the conduct of the present national administration as to the Philippines to be repugnant to every line of the bill of rights, the constitution and the declaration of independence."

Mr. P. Betcham, of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by People's Drug Co., corner Main and Milwaukee streets.

In Fear of Anti-Foreign Riots.

Hongkong, June 26.—The town of Kieng-Ning-Foo, in the province of Fo-Kien, has been widely placarded with bills offering a reward of $1,000 for the heads of missionaries. Anti-foreign riots are feared.

Kruger Buying Many Rifles.

London, June 26.—The government of the South African Republic, according to a dispatch to the Daily Mail from Rome, is ordering large quantities of rifles from Italian firms for immediate shipment.

We, the undersigned, do hereby agree to refund the money on a 50c bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded People's Drug Co H.E. Ranous & Co.

Big Terra Cotta Works Burn.

Philadelphia, Pa., June 26.—The terra cotta works of William Galloway, Thirty-second and Walnut streets, were entirely destroyed by fire Sunday. The loss is estimated at $100,000, on which there is an insurance of about $75,000. The fire is supposed ao have originated in one of the kilns.

Thirty-Three Cases of Fever.

Santiago de Cuba, June 26.—Thirty-three cases of yellow fever, with five deaths, have been officially reported since the beginning of the present outbreak. One of the deaths occurred in the Fifth infantry. The other four fatal cases were civilians.

Pain Conquered; Health Restored by Lydia E. Pinkham's Vegetable Compound.

[LETTER TO MRS. PINKHAM NO. 92,649]

"I feel it my duty to write and thank you for what your Vegetable Compound has done for me. It is the only medicine I have found that has done me any good. Before taking your medicine, I was all run down, tired all the time, no appetite, pains in my back and bearing down pains and a great sufferer during menstruation. After taking two bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman. I am now on my fourth bottle and all my pains have left me. I feel better than I have felt for three years and would recommend your Compound to every suffering woman. I hope this letter will help others to find a cure for their troubles." — MRS. DELLA REMICKER, RENSSELAER, IND.

The serious ills of women develop from neglect of early symptoms. Every pain and ache has a cause, and the warning they give should not be disregarded.

Mrs. Pinkham understands these troubles better than any local physician and will give every woman free advice who is puzzled about her health. Mrs. Pinkham's address is Lynn, Mass. Don't put off writing until health is completely broken down. Write at the first indication of trouble.

Negotiations Continue.

London, June 26.—The Berlin correspondent of the Standard says: "Negotiations between Germany and the United States regarding a compromise on arbitration are proceeding smoothly, all the more so as Great Britain seems inclined to accept the result, and as Austria, Italy and Russia have already declared themselves in its favor."

Yellow Fever Causes Alarm.

Oaxaca, Mex., June 26.—The rapid spread of yellow fever in the towns of Tehuantepec and Coatzacoalcos, and other places on the isthmus has caused great uneasiness among the people of this state. The health authorities are taking active steps to stop the spread of the epidemic.

Friendly to the Filipinos.

Paris, June 26.—Newspaper articles now appearing in Paris almost daily are exceedingly friendly to the Filipinos and have a tendency sharply to arraign the United States.

EVERY MAN TO HIS FANCY.—Some like tobacco in the pipe; some prefer a cigar—so, also, in the choice of liquors — Some prefer one kind, some another.

OLD UNDEROOF RYE

is the triumph of 30 years practical experience in the art of combining fine old whiskies. Its component elements are of different distillations from different localities; each of them chosen for some specially good quality. If there is merit in fine old whiskies, Old Underoof Rye certainly possesses it. Stored scientifically and ripened for years in heavily charred barrels.

Her Husband, Twice Her Age.

A curious marriage has taken place at Newcastle, Eng. For the third time a lady named Makings has been before the altar in the character of a bride, and there was something remarkable in each of her three engagements. Her first husband was a Quaker, her second a Roman Catholic and her present a Protestant. Each husband was twice her age. At 16 she married a gentleman of 32, at 30 she took one of 60, and now, at 42, she is united to a gentleman at 84.

Snakes in India.

Snakes are one of the scourges of India. Thousands of people die yearly from their bite. In the last twenty-two years the number of deaths attributed to this cause has reached the enormous total of 433,289.

An Oft Repeated Tale.

"Meat was like sole leather today." Why not change your trading place? Try our market—we know we will retain your trade if we can secure your orders for a week. Our meats are all from selected stock. We are particular about buying, not only because we have a particular lot of customers to please but also because we have a pride in sending out only the tender, juicy stock.

Fairies are "shod with light" but

Vici kid

wearers are shod with lightness. The marvel is that kid so fine and soft can be so tough and durable and wetproof. Robert H. Foerderer alone has been the secret of Vici Kid and of Vici Dressing and Vici Polish.

During the week we are teaching at the store the right way to dress shoes, and giving valuable hints as to the care of them. Those who learn the lesson we teach get greater satisfaction and double wear from their shoes.
